1. The following is an examiner's statement of reasons for allowance: The remarks filed on June 15, 2005 are convincing. Specifically, the examiner agrees with applicants in that the cited prior art does not teach nor suggest the compounds as claimed. The examiner could not find any motivation in the modification of the prior art compounds, i.e., changing the substituted quaternary chain, i.e. the chain containing a hydroxyl group (OH), into a non-substituted one as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to José A. Fortuna whose telephone number is 571-272-1188. The examiner can normally be reached on 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven P. Griffin can be reached on 571-272-1189. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
